Habitat for Humanity of Greater Miami recently hosted more than 400 of Miami's professional, social and philanthropic leaders at the second-annual "Hard Hats and High Heels" cocktail reception and fundraiser at EAST, Miami in Brickell City Centre. The event, organized by Habitat Miami's Women's Leadership Council, successfully raised over \$100,000 to help build a home for a single mother and her family through Habitat's Women's Build initiative. Habitat for Humanity of Greater Miami is focused on building affordable housing for low-income families in Miami-Dade County.
